

BAR & RESTAURANT

This rocky beach, known for hundreds of years as 'Kantra', because of its savage beauty and its limpid clear waters, is located in the rocky fjord inlet of 'Mgarr ix-Xini'. It provides a bar and grill restaurant, rich with fresh fish and meat. Sun-beds, umbrellas and shower/toilet facilities are also available. For lunch and dinner, "Il- Kantra" restaurant offers Sicilian cuisine as its specialty, along with local dishes, giving you the possibility to choose from an À La Carte menu or the specialty dishes. Since all our dishes are cooked to order, some dishes may take a while to be served. Just relax and take in the beautiful scenery and seaside air; we would not have forgotten you. Il-Kantra Lido is also available for small parties and weddings. We hope that your dining experience with us will be a truly memorable one and we look forward to welcoming you back soon.
